## **ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS**

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

## ***THE TOWN OF BABYLON WILL EXPEND ALL OF ITS CDBG – R FUNDS TOWARDS STREET IMPROVEMENTS IN THE AREAS OF NORTH AMITYVILLE AND WYANDANCH.***

### ***A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES***

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

**B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)**

- (1) Activity Name: Street Improvements in Low /Moderate Areas  
Funds Budgeted: \$330,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The street improvement project will enhance the road project already underway by the Town, within the low and moderate income census tracts in the North Amityville and Wyandanch areas. The conditions of the roads will be evaluated by the Towns Department of Public Works to determine whether they will require pavement repairs, overlay of existing roads or reconstruction of the complete road. Since the use of the CDBG-R funds will be enhancing the project the work can be completed within a quick timeframe of approximately five to six weeks. The project is in the process of the required HUD environmental review, which will enable the work to be completed within the grant required timeframe.

This project addresses the Recovery Act objectives by: 1) Preserving constructions jobs in the construction sector while stimulating the economy. 2) Assisting the low and moderate income communities through investing in the infrastructure that will provide long term economic benefits. 3) Assist low and moderate households most impacted by the recession and will help stabilize property values. This activity is designed to increase economic efficiency or to foster energy independence, by deducting the cost to deliver goods and services to the area.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

The jobs expected to be retained through the public improvement activity are all in the construction field. It is estimated that about 25 private laborers will be retained. (Include heavy machine operators, labors and various other tradesmen)

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Specifications allow the use of recycled asphalt, including the use of the milled existing pavement. The re-use of this material will promote energy conservation and reduce pollution emissions during the asphalt production.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Town of Babylon Department of Public Works, 1023 N Indiana Ave., Lindenhurst New York 11757. Ron Kestenbaum, Deputy Commissioner will be overseeing the work, (631) 957-3131.

- (6) Activity Name: ADMINISTRATION  
Funds Budgeted: \$14,596

The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;

(7) **Section 3.** The jurisdiction will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u), and implementing regulations at 24 CFR part 135.

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(11) **Excessive Force.** The jurisdiction certifies that it has adopted and is enforcing: (1) a policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and (2) a policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location that is the subject of such non-violent civil rights demonstrations within its jurisdiction.

(12) **Compliance with anti-discrimination laws.** The CDBG-R grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations.

(13) **Compliance with lead-based paint procedures.** The activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K, and R of this title.

(14) **Compliance with laws.** The jurisdiction will comply with applicable laws.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) **Buy American provision.** The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) **Appropriate use of funds for infrastructure investments.** The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Alternatively, a grantee's chief elected official certifies that infrastructure investments will receive the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

(20) **70% of CDBG-R for LMI.** The aggregate use of CDBG-R funds shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the grant is expended for activities that benefit such persons over the life of the CDBG-R grant.
