ADOPTING THE TOWN OF BABYLON ADMINISTRATIVE EMPLOYEE SICK LEAVE DONATION PROGRAM POLICY

The following resolution was offered by Councilman Manetta and seconded by Councilwoman Gordon

BE IT RESOLVED, by the Town Board of the Town of Babylon, upon the recommendation of the Director of Personnel, that the Town of Babylon Administrative Employee Sick Leave Donation Program Policy, on file in the Office of the Town Clerk is hereby adopted for the Town of Babylon.

VOTES: 5 YEAS: 5 NAYS: 0

The resolution was thereupon declared duly adopted.

TOWN OF BABYLON

200 East Sunrise Highway
Lindenhurst, NY 11757-2598

Supervisor Rich Schaffer

SICK LEAVE DONATION PROGRAM POLICY-ADMINISTRATIVE EMPLOYEES

The Town of Babylon hereby adopts this policy allowing Administrative Employees to participate in sick leave donation.

The purpose of this policy is to establish guidelines and criteria to allow administrative employees to both donate their unused sick leave to other administrative employees needing sick leave and for administrative employees to use donated sick leave as further described below. This shall be known as the Sick Leave Donation Program.

Committee

The Town shall form a committee comprised of three (3) administrative employees that shall review and make decisions on the eligibility of employees to utilize the Program to both donate and use donations of sick leave. All decisions of the Committee must be made by a majority of the members.

The Committee shall be empowered to request documentary evidence of catastrophic illness for review. Such documentary evidence must contain proof of illness from the treating doctor/medical facility.

All documents obtained by the Committee in the course of its review of an application shall be held in confidence and not be subject to FOIL.

The Committee may approve or deny an application to utilize the Sick Leave Donation Program and shall inform the employee of its decision.

Eligibility to Utilize the Program-The Committee shall review applications for the use of donated sick leave using the following eligibility criteria:

- The employee or an immediate family member must be suffering from a catastrophic illness
- The employee must be employed for at least a year (365 days) before the illness
- In cases of an immediate family member, the employee must first utilize all their own accrued leave, regardless of class of leave
- In cases of their own illness, the employee must first utilize all their accrued leave, regardless of class of leave and their Short and Long Term Disability Benefits.

Eligibility to Donate to the Program

An employee who wishes to donate to the sick bank must have at least five days in excess of the amount of days they seek to donate. Donations made and approved by the Committee are irrevocable.

Structure of the Program

- An employee seeking to use donated sick time, has the option to disclose his or her name on any documents the Town circulates seeking donations to the Program
- Donations will be allotted to the employee's sick bank in 60 day increments
- The employee will be paid according to the Town's regular payroll schedule

To whom it may concern,

My name is Robert Fantel, I reside at 897 South Bay Street Lindenhurst with my wife Darlene.

On November 8th both Darlene and I, accompanied by many concerned residents, attended the Town of Babylon Board meeting in an attempt to address our concerns with an incident which occurred on 10/22 along the shoreline and park area of Shore Road Park in Lindenhurst.

This incident in question was the discharging of a weapon in the direction of the park with children playing about, from a boat approx. 25-30 feet off the shoreline during hunting season.

The hunters not only violated the hunter's etiquette set forth by the DEC, the principal rules governing safe hunting practices but their actions, both reckless and irresponsible in nature, compromised the safety and the Quality of Life of the children and adults playing on the field as well as the residents who reside along the coastline at the time of the incident. This incident is not the first of its kind. There has been a previous incident in which a irresponsible hunter discharged a weapon in the direction of a structure (our home) less than 500 feet of their initial discharge location, an SCPD report was filed on this incident as well.

The current incident mimics dangerously disturbing irresponsible behavior actions which also impacted on the potential safety and Quality of Life of our residents, children and community as a whole.

Furthermore, I believe that our community along the shoreline including personal residences, parks, marinas and businesses have seen dramatic increases of development over the last 50 years.

It is in that regard in which even safe hunting etiquette by responsible hunters can pose potential Life Safety and Quality of Life risks.

I believe that our Town of Babylon Code 121-3 is a paramount safeguard for the people of our community and should encompass every parcel of land North of the East-West Channel within the Town of Babylon whether above water or underwater, owned by residents, property owners, business owners, villages, the Town of Babylon and Suffolk County to name a few. This also includes the County property known as Copiague Neck County Park which is commonly referred to as Indian Island.

During my speech to the Town of Babylon Board, I chose not to follow a specified prepared speech, mine was more of improvisation.

However, for clarity and relevance I addressed the following specific questions to the Town of Babylon and its Board Members.

1) Is the code adhered to?

(In regard to the Town of Babylon code 121-3)

2) Who is responsible for enforcing this code? (In regard to the Town of Babylon code 121-3)

3) Point of contact and phone number of personnel enforcing this code? (In regard to the Town of Babylon code 121-3)

4) Hours of availability of the personnel enforcing the code?

(In regard to the Town of Babylon code 121-3)

5) For the incident in question, the report taken by DEC officer verifies that the hunters in question admitted breaking the Town of Babylon code 121-3, will these hunters be held to the penalties of breaking said code enforced by the Town of Babylon?

6) Is everyone serving on the Town of Babylon Board in agreeance with the code and its enforcement thereof? (In regard to the Town of Babylon code 121-3).

My expressed thank you to all of the Town of Babylon Board members in advance for your consideration on this issue!

Same concerns as Robert & Darlene Fantel.

Darlene Fantel
897 South Bay Street
Lindenhurst, NY 11757

DStress2@optonline.net

My name is Darlene Fantel. Myself and my husband Robert reside at 897 S Bay St Lindenhurst. Our home is approx. 114' from the Great South Bay, backing up to Shore Road Park. We're here today to communicate face to face with our community leaders our concerns regarding water fowl hunting along the shoreline. On October 22, 2018 just before 4pm hunters were shooting geese in the direction of the park from a boat located approx. 25' away from the park. Children were playing soccer on the field at the time of the incident. I watched two geese sitting on the beach get shot and dropped. One man from the boat retrieved them. He grabbed another one from the bay put it in his boat, it jumped out and swam east. The fourth one was chased by the boat, made it back to shore. Its head was severely mangled! After suffering for more than an hour, we took it for veterinary care and they had to euthanize it. They said the bullet went through its head. Was the word bullet used for the lack of a proper term or was illegal ammo used by these hunters?

SCPD was called, a police report was filed, and we were told to contact our village or town. After SCPD left the hunters returned. We can only assume they returned to continue to hunt but my husband remained on the shoreline because the children were still playing and we feared for their safety. I trembled as my husband remained on the shoreline as a potential target to the reckless hunters.

This incident was horrifying, terrorizing and has negatively affected the quality of our lives. Our 6 grandchildren from elementary to nursery school ages play on the beach and in the park frequently.

Hunter etiquette has declined significantly in previous years. The incidents continue to escalate and before a child or resident is injured, we need preventative measures implemented. Laws need to be re-evaluated to increase public safety, better education is required for those participating in the sport of hunting, adherence to these laws must be monitored more closely and the voices of the residents should be heard and addressed.

This type of recreation doesn't belong so close to home! We ask that hunting be moved further away from our community to an area where people are not at risk of injury or fatality. Long Island has plenty of marsh land that could safely accommodate this type of recreation.

Thank you for your time and efforts!
